BlackRock Corporate High Yield, Inc.	HYT	3.57%	96.43%	0.00%	0.00%	100.00%

(1) Fund passed through foreign withholding taxes

(2) The fund has adopted a level distribution plan (the "Plan") and employs a managed distribution and/or an option over-write policy to support a level distribution of income capital gains and/or return of capital. The fixed amounts distributed per share are subject to change at the discretion of each Fund's Board of Directors/Trustees. Under its Plan, each Fund will distribute all available investment income to its shareholders, consistent with its investment objectives and as required by the Internal Revenue Code of 1986, as amended. If sufficient investment income is not available on a monthly basis, the Funds will distribute long long-term capital gains and/or return capital to their shareholders in order to maintain a level distribution.

(3) The Fund has distributed more than its income and net-realized capital gains in the current fiscal year; therefore, a portion of the distribution is return of capital. The Fund sends shareholders a 1099-DIV that indicates how distributions should be reported for federal income tax purposes.

This table is a summary of tax information for certain BlackRock Closed-End Funds that may be useful to shareholders. This information should not be used in preparing tax returns. This information is being provided for information purposes only. We recommend that you consult your tax advisor for assistance with how this information will impact your specific tax situation. The information above summarizes the percentages of the cumulative distributions paid during calendar year 2015 from the following sources: qualified dividend income, non-qualified dividend income, long-term capital gains and return of capital. This information should not be construed as specific tax or investment advice. Shareholders are urged to consult their tax advisors concerning the application of this information.

Shareholders should not draw any conclusions about any Fund's investment performance from the amount of the distributions or from the terms of a Fund's Plan.

Carefully consider the Funds' investment objectives, risk factors, and charges and expenses before investing. This and other information can be found in the prospectuses of Funds that are continuously offered and such prospectus should be read carefully before investing. Prospectuses for Funds that are continuously offered may be obtained by contacting BlackRock Advisors at the number below. The information above represents past distributions and is not indicative of future distributions. Investment return and principal value of an investment will fluctuate so that an investor's shares, when sold, may be worth more or less than the original cost. Current distributions may be lower or higher than the distributions reflected herein.
